*Note: If you want the highlights of this update, you can easily read what is in bold.*

We recently had the opportunity to spend **five days in Panamá**. It was exciting for us, because we were able to visit the Embera village of Piriati, make some connections with both missionaries and nationals, and look for possible places to live when we move to Panamá in August.

As we've said before, **there are many needs and opportunities in Panamá**, and we are more convinced than ever that **it is a strategic location to teach and disciple national pastors**. Our goal is not only to impact Panamá but also Central and South America and ultimately the world for the kingdom of God. With God's help, the possibilities are limitless!

We are asking you to **join us in praying about where we should live**. So much is going through our minds at this time, but we know the Lord will lead us exactly where He wants us to be. We want to be faithful, fruitful, and strategic in all we do, which includes where we live.

Our last trimester of language school began last week. It's amazing to think we've been in Costa Rica for 9 months and that **we will be moving to Panamá in 14 weeks!** Thank you for being on this journey with us! **Serving the Lord**, wherever He has placed each of us, **is an exciting journey**, isn't it?

We are also asking you to **join us in praying for the right ministry vehicle** once we move to Panamá. We will need a 4x4 vehicle in order to have access to places where we will teach and disciple pastors. We will be able to purchase a good, 5-6 year old vehicle, for approximately **\$20,000**. In fact, **would you prayerfully consider making a special contribution toward our ministry vehicle? You can do so through the giving page of our website**.

*Left: Panamá City in the background. It has become a major center for global business and finance.*

*Center: A home in the village of Piriati (about two hours from Panamá City.)*

*Right: A "sample" ministry vehicle. We will try to find a Toyota or Mitsubishi 4x4.*
