Theological Training and Discipleship Are Lacking

Skyline of Panama City, Panama

In Latin America, the need is great! According to *Operation World*,

theological depth and biblical understanding of the Word of God are lacking. Few churches place solid grounding in God's Word as a priority. Sermons can be Christian self-help messages rather than plumbing the depths of Scripture. As atheism and other religions assert their claims, believers must be equipped to retain confidence in the claims of Christ and to respond effectively to competing worldviews.

The passion we have is to teach and disciple pastors so they can equip the believers in their churches. Part of our plan is to hold modular classes for pastors and church leaders. I will be teaching on a variety of critical topics such as Old Testament Survey, New Testament Survey, and Christian Doctrine.

Prayer Requests

- Pray that our family will be spiritually healthy and Christ-centered.
- Pray that Isaac will be saved as soon as he is able to understand the gospel.
- Pray for the pastors whom we will one day teach and disciple. Pray they will know God's Word well.
- Pray that we will quickly and effectively learn Spanish.

We are committed to pray for you as well. If you would ever like to share a prayer need with us, we would be honored to pray with you.
