Scripture Memory In Practice

In May, during the week of our latest seminar in Rio Indio, it was encouraging and exciting to hear several people tell me their stories of how they were memorizing Scripture using the method I taught in February. Many people are putting God's Word in their minds and in their hearts!

Updates from Rio Indio

The latest seminar in Rio Indio was successful, and the people continue to be very open to the teaching. Later in the month, our family returned to spend a few days with the people. Erik, a leader in the church, asked me to go to an area of Panamá called Bocas del Toro in order to help some churches. The people in these churches are mostly Ngöbe-Buglé (an indigenous group). We will be going in July and are praying this trip will lead to open doors for return trips, so that we may train pastors and disciple and encourage believers.

Erik, a leader in the church, is quoting Romans 8 from memory.
