

# THE SUDDETH FAMILY MINISTRY UPDATE

## Equipping and Entrusting National Pastors

### Update from Iglesia de La Gracia

Clip was able to teach and preach at Iglesia de La Gracia in La Chorrera for the month of October. He spent a lot of time teaching on our purpose, the gospel, justification, sanctification, and the fruit of the gospel.

### Praises & Requests

- Please continue praying as we are working to help mobilize the Mora family as missionaries to Bocas del Toro.
- Please pray concerning an upcoming seminar November 13-17 in Río Indio with Russ Turner and John Webb.
- We are meeting with specific people to encourage and equip in discipleship. Please pray for God's blessing and for multiplication (2 Timothy 2:2).

### Thank You!

As we enter this Thanksgiving season, we want to thank you for your prayers, your financial support, and your encouragement. **The gospel does bear fruit!**

## Going Forward in Río Indio

As we wrote in our October update, we were looking forward to a visit from Halston Duke. Once he arrived, he and Clip went to Río Indio in order to re-wire a house that belongs to the church there. Thankfully, the work was finished in 2 days. The work done was greatly needed, and it helped to strengthen the relationship we are building with the pastors and other believers in that area.

We're not surprised that the Lord blessed his trip! It's incredible how the Lord uses our abilities for His glory, our good, and the good of others when we're willing to serve Him.

Additionally, we worked with Erik Mora, the pastor we wrote about last month. As a reminder, Erik and his family desire to move to an area called Bocas del Toro as missionaries, and we are working to help mobilize them.

Erik and his family have the support of the senior pastor, Amado, the church, and the association. The next step is for Kenny Morris (our missionary friend) and Clip to sit down with the church to do what we can to make their going a reality. (That meeting will happen soon.)

*Halston, Erik, Erik's wife, and their youngest son had their picture taken on the front porch of the house where the re-wiring was done.*
